

BUILT FOR TEXAS CONVENING

Tuesday, August 25, 2020
10:00 a.m. - Noon CST
There is no cost to attend.

Nonprofits play a vital role in our state's economic landscape. In partnership with United Ways of Texas and OneStar Foundation, the United Way Nonprofit Connection is hosting the ***Built for Texas Convening*** on Tuesday, August 25. The goal is to introduce leaders from nonprofit, public, and private sectors with data from the newly released report entitled BUILT FOR TEXAS: THE IMPACT AND OPPORTUNITY OF OUR NONPROFIT SECTOR.

With the 2021 legislative session looming, this is the ideal time to promote the overall impact of our sector, engage in nonprofit advocacy (speaking and standing for our missions), and determine how we can best use our collective voices for the good of our communities. Plan now to join your peers and colleagues for this important conversation. You will also receive your copy of the BUILT FOR TEXAS report, a powerful tool for reinforcing the value of your work.
